### Purpose of Change:

Manufacturing site transfer

### Description of Change:

This is a notification to advise our customers that pSemi is transferring PE42420 to UNISEM from AMKOR as AMKOR will discontinue their assembly tooling for this product. There will be no change in form, fit and function of this product.

During the transition from current site to new assembly site, pSemi will continue to support customer shipments with inventory built at either facilities and does not anticipate any impact on the product availability.

Unisem assembled product sample is available now for product evaluation. Below is ordering code: PE42420E-Z, EK42420-04

pSemi manages inventory on a First-In First-Out (FIFO) basis. For the exact timing of the order code change, please contact your account rep. or [accountrep@psemi.com](mailto:accountrep@psemi.com).

For more information, please contact PCN@psemi.com.
